GLACÉAU  
water10™  
low cal  
vitamin

nutrient enhanced water beverage

calories per serving  
naturally sweetened

go-go  
mixed berry (e + ribose)

how could you possibly be reading this label right now? isn't there a meeting you should be in? a child you forgot to pick up? a gym you've been paying for? (fyi... there's a difference between "paying for" and "using.") we know, we know... you're busy. every day is a marathon. fortunately, what you have in your hand has vitamin e and ribose to give you that sumthin' sumthin' you need to help get you to your daily finish line. and to sweeten – or naturally sweeten – the deal, we made it with only 10 calories per serving. now hurry to the soccer field, it's getting dark and your child's coach is starting to ask questions.

nutrient rich, calorie poor.
