

Cyber Safety and Cyberbullying Presentation
Robert Adams Middle School - January 13, 2010

January 19, 2010

Dear Parents/Guardians,

Below are the links to the all of the materials that were presented during the Cyber Safety and Cyberbullying presentation last Wednesday evening, January 13. Holliston Cable Access, Inc. (www.hcattv.org) will be airing this presentation in the near future. Please check their website for dates and times. Once we know the programming schedule we will also forward this information in an email blast. If you would like your own copy of the presentation, you also may order a DVD for \$5 through HCAT. Please see their website for more details.

During the workshop, several parents inquired about the school's plans for working with students. We are in the process of developing a series of lessons in conjunction with the Adams Wellness team that center on both cyber safety and cyberbullying prevention. Our vision is to have Holliston High School Peer Leaders facilitate these lessons with small groups of students.

If you have any suggestions or questions about this work, please contact me at anytime.

Sincerely,
John Harutunian
Assistant Principal
Robert Adams Middle School

Cyber Safety and Cyberbullying Presentation
Robert Adams Middle School - January 13, 2010
