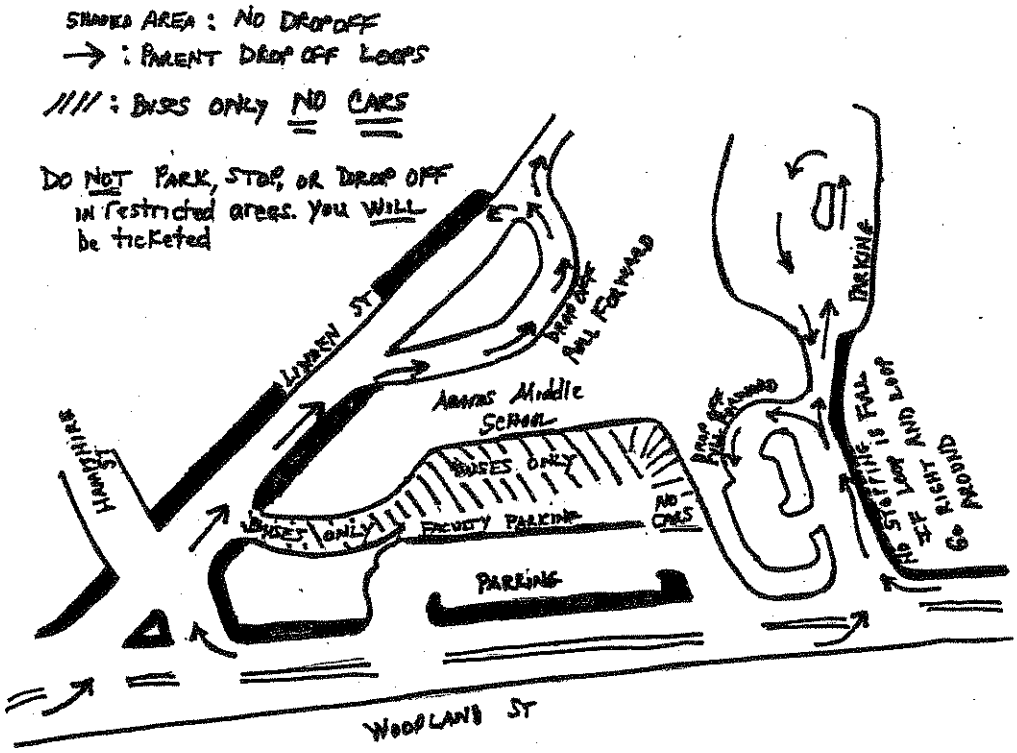
The traffic pattern changes at Adams are as follows:


- There is a new loop that is off of Linden Street. Pull in to the area behind the 7-8th grade wing (off Linden) and drop your child at the curb near the rear entrance to the building (the walkway to the baseball field between Adams and Flagg).
- Drop-offs on Linden Street or in the parking lot in front of the school will not be allowed.
- The loop near the 6th grade wing (near softball field) is still available under the same rules as in the past.
